Feeling unwell? This leaflet will hopefully help you make an informed decision about who to contact.

Our local A+E department at East Surrey Hospital is being used inappropriately by some patients.

Access to a GP at the surgery can be made by a pre-bookable appointment or a request for an urgent on the day appointment which will be assessed on the telephone by a doctor.

We also offer pre-bookable appointments outside our normal hours on all weekdays.

GPs can do home visits to the elderly and housebound patients. These should be arranged in the morning before 10.30am.

Outside surgery working hours, you can ring 111 to obtain medical advice or contact with a doctor.
